

# “LOVE OUR CHILDREN” CSR PROGRAM

**Dupont – FGV - Mewah Group**  
**Date: 4<sup>th</sup> March 2019 (Monday)**

On 4<sup>th</sup> March 2019, a Corporate Social Responsibility program - “Love Our Children” took place in Sg. Tenggi Palm Oil Mill, Kuala Kubu Baru, Selangor, Malaysia under the collaboration program between Dupont, FGV and Mewah Group.

The scope of this partnership initiative is to gather the upstream, midstream & downstream palm oil supply chain players to establish collaboration in the area of CSR and to enhance the sustainability commitment.

The focus of this CSR program is “Love Our Children” – with the primary objectives of raising awareness of child protection through education about children’s rights, women’s privileges, and to contribute positively to the children of workers of FGV Sg. Tenggi Palm Oil Mill and its surrounding oil palm plantations.

In this program, we had successfully gathered around 100 participants – including 30 women who work with palm oil mills and around 50 of the children, aged ranging from 5 – 12 years old. The program was kick-started with some exciting icebreaker activities to help everyone start getting to know each other, start collaborating and engaging with speakers.

Some key *take-home messages* are topics related to human rights, personal safety, home safety, and road safety.

In addition, the volunteered fire-fighting team was demonstrating the knowing-how to use a fire extinguisher and other invaluable live saving skills that everyone should have.
