

## **Collaborative Palm Kernel Crusher Engagement Workshop**

**Venue: Mewah Oils Sdn Bhd (MOSB)**

**Date: 18 August 2023**

1. On August 18th, 2023, we organized a collaborative Palm Kernel Crusher Engagement Workshop with AAK and ISF (Intercontinental Specialty Fats) at Mewah-Oils Sdn Bhd (MOSB), Port Klang.
2. The primary aim of this workshop was to raise awareness about the European Union Deforestation Regulation (EUDR) within the palm oil industry and to familiarize kernel crushers with the importance of collecting traceability data up to the mill (TTM) and plantation levels (TTP).
3. Through this Workshop, we provided a platform for constructive discussions surrounding EUDR-related matters with our key kernel suppliers. It allows our suppliers to voice their concerns and reservations regarding the upcoming implementation of EUDR and its potential implications for their operations.
4. The collaborative dialogue during the workshop marks a significant step forward in promoting transparency, mutual understanding, and a collective commitment to addressing the challenges posed by EUDR within the palm oil industry.
